## **N2Y, INC.® ANNOUNCES TWO NEW SYMBOLSTIX PRODUCTS**

*Friday, August 14, 2009:* N2Y, Inc. is proud to announce the release of two revolutionary products featuring the SymbolStix symbol library. [SymbolStix ONLINE](#) will go live later this fall providing subscribers access to over 12,000 symbols that are used in the News-2-You newspaper and Unique Learning System curriculum. Demand from the subscriber base to have access to these symbols has prompted N2Y inc. to make these available. Access will be provided through an annual subscription. Users then have the ability to search and download the symbols in a format of their choice for use in building materials for their classrooms.

For the subscriber looking for more functionality SymbolMate by Tobii is the answer! Developed by Tobii ATI and featuring SymbolStix as the default set, [SymbolMate](#) is the choice among teachers, speech-language pathologists, and parents for creating and individualizing adapted content for students with special needs. SymbolMate allows for the creation of communication pages for AAC users and their static devices with pre-designed templates. Along with supporting communication needs, SymbolMate is the perfect tool for building visual schedules and social skill activities for children with all disabilities including autism. It also supports literacy development by allowing the educator to create books and symbol-based literacy activities for emergent readers.

Both of these exciting products are available for purchase immediately. SymbolStix ONLINE will be available this fall and SymbolMate is shipping now.

N2Y, Inc.® is a family-run, online education publishing company started by Jacquie Clark, a speech-language pathologist with over 30 years experience in and out of the classroom. N2Y, Inc.® has grown to include a weekly newspaper, online curriculum and dynamic symbol set. The New-2-You current events newspaper utilizes concise, symbol-supported text to deliver current events news to a population previously denied this information. The Unique Learning System is the only comprehensive Web-based and standards-based curriculum specifically designed for special learners. Recently launched SymbolStix
